Complete data helps the underwriting team move faster

Use this checklist before submitting a group. The specific request may vary by case and funding structure.

-
- ☐ Current census in Excel format
 - ☐ Current pricing and renewal information
 - ☐ Large-claim reports, including cases over 50 percent of the specific deductible
 - ☐ Aggregate claim reports
-

- ☐ Current plan designs and Summary of Benefits and Coverage
- ☐ Enrollment and funding details
- ☐ Requested effective date and proposal structure
- ☐ Broker and employer contact information

Do not include passwords in email. Use the approved secure delivery method for protected health information.

A clean submission explains the group, not just the files

Add a short narrative so the underwriting team understands the employer's goals, current issues, and timing.

Helpful context

- Current funding arrangement
- Reason for marketing
- Known large or ongoing claims
- Clinical or cost-containment initiatives
- Captive or level-funded interest

- ☐ Confirm dates and file periods are labeled
- ☐ Remove duplicate or obsolete versions
- ☐ Check census totals against enrollment
- ☐ Name files clearly
- ☐ Identify any information still pending
